

Pattern Drafting & Sewing - Dress

Overview :-

One of the most exciting aspects of dressmaking is to be able to adapt a basic pattern and develop various types of dresses with elaborate designs. This advanced tailoring course not only provides you with the knowledge and fundamental principles in dart manipulation method that will enable you to develop different types of dress patterns but also expand your pattern making skills and sewing techniques. Through this module, you will acquire the necessary skills in taking body measurements and fitting adjustments for dresses. The construction processes are explained and demonstrated. This includes the sewing technique on corners, curves, lining and garment finishing, which can be satisfying when it is properly sewn. Simply one of the most important tailoring courses you have to take.
